### ***Define Scoring Setup in Gradebook***

#### **Step 1:** [Grade Calc Options](#)

- Determines how Grade Book calculates *In Progress* grades
- Set by State
- Teachers will set their own composite grading if desired

#### **Step 2:** [Categories](#)

- Standard Categories have been created, can edit or add new categories as needed
- Collect assignments that count towards a particular Grading Task
- Discuss *Sequence, Weight, Exclude and Drop Lowest Score options*

#### **Step 3:** [Creating Assignments](#)

- 3 ways to add from Grade Book
  1. Add Button
  2. Assignment List
  3. Keyboard command (ALT+N)
- [Assignment Copier](#)
  - Copy individual assignment
  - Copy multiple assignments from one section to another

## **GRADEBOOK (continued)**

- Assignments can also be added from [Planner](#) and [Assignment Overview](#)
- [Settings Menu](#)
  - [Assignment List](#)
  - [Assignment Marks](#)
  - [Filter Defaults](#)
  - [Grading Scales](#)
  - [Assignment Copier](#)
  - [Category Copier](#)
  - [Multipost Grades](#)
  - [Website Address](#)
  - [Preferences](#)
