

Manage classes and assignments

1. To access your classes, click the **Classes** button on the dashboard, or select **Classes** from the upper left hand menu.

2. To create a new class, click the **Add Class** button, or click the [Create a class now](#) link.

My Classes

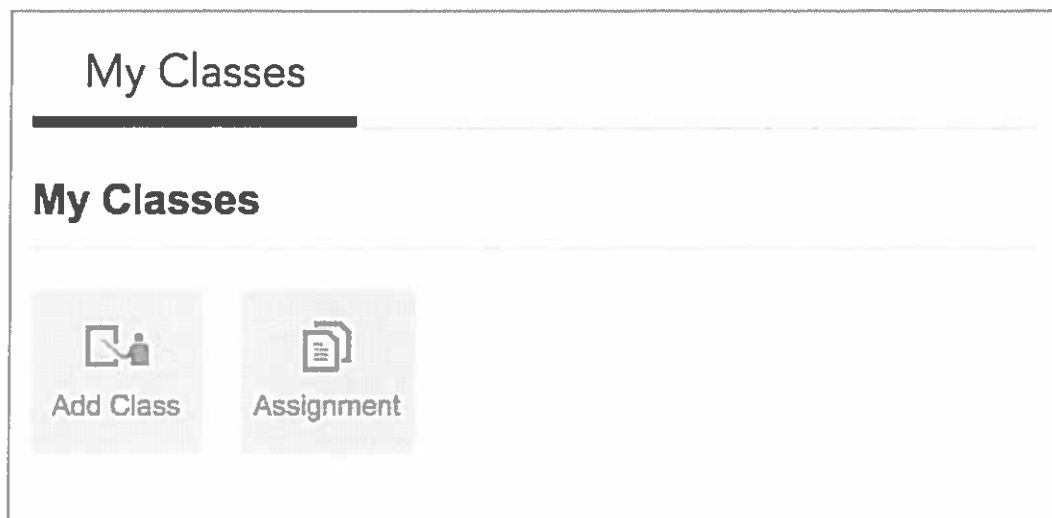

My Classes

You have no classes for the active term.

[Create a class now](#) and start posting assignments.

4. After creating a class, you may add homework by clicking the **Assignment** button.

Important: In order to add homework, you must first create a class.
